#### The Cash System.

After mature deliberation the Publishers of this paper have determined to adopt the Cash System. They have been led to this step by the heavy losses experienced from debts scattered throughout the State, which they have been unable to collect, the necessity which compels them to pay cash for labor in the printing office, for paper and other supplies, and the general ad prion of the sys tem on the part of leading houses in all branches of trade and industry. The cash system, necessary to protect us, will also be beneficial to punctual subscribers, ina-much | ventures to attack those batteries againas it will rid us of the expense entailed by non-paying subscribers, and enable us to reduce the price of our weekly paper. From this date, therefore, we shall enter the name of no person on our books as a subscriber, unless he pays for his paper in advance. And on the 1st day of July next, we shall erase | yesterday. from our subscription lists every name not paid in advance. Our weekly paper will be two dollars per annum. Those who have already paid in advance beyond the 1st day of July, 1861, will be allowed the benefit of this reduction from that date. We shall keep this notice standing in our

columns until the 1st of July, and, on that day. erase every delinquent from our list.

South Side Institute .- The annual commencement of South Side Institute, Capitol street, takes place to-night at 8 o'clock.

AN EX-TEACHER OF THE HUME HIGH SCHOOL -A gentleman of this city showed us and after residing there for some time, and yesterday, a letter which he had just received Mr. G. A. WOODBRIDGE, recently a teacher in the Hume High School. We are permitted to make the following extract : "LOCKPORT, June 5, 1861.

"The moment I crossed the Onio a different scene presented itself to me, from that to which my eyes had already become accustomed, and indeed all through the North there is but one sentiment in regard to this subject. A minister told me a few days since that "he would go into this war with the same feeling that he would go the communion table." He is considered a very moderate man. \* \* You have no idea of the fate that awaits Tennessee and every rebellions State unless they become loyal. Within ten days' time 80,000 will march through the State from Memphis to Knoxville, rallying to their standard tens of thousands who cannot now give utterance to their feelings. I hate to think of the fate that is awaiting my best friends in Tennessee, which they could avert, if they would."

Mr WOODBRIDGE had better retain his sym pathies for those who will need them-his Northern brethren." The people of Nashville don't want them. We have no doubt the minister he speaks of will go into the war with the same feeling be goes "to the communion table"-the feeling of a cowardly knave and hypocrite. We have heard before of the intended march of the eighty thousand. After they reach Memphis it will be early enough for us to begin to prepare for them. Instead of rallying tens of thousands to their standard, they will encounter the united hists of Tennessee, now ready and anxious to strike a blow in defence of their liberties, and, Mr. Woodbridge, you may rest assured that but few of the invaders will be left to tell the tale of their folly.

We presume, Mr. WOODBRIDGE, from the tone of your letter, you think the people of Tennessee,-a large portion of them, at least-"cannot now give utterance to their feelings"-and are cravenly permitting their right to speak to be taken from them. Your opinion is a libel upon them; and it is, probably, well for you that you express it at a convenient distance from the State. It is evident that your change of residence has rid Nashville of one enemy to her peace and prosperity. Thank God, we have thrown off ly Indians are all in favor of it. They had the Yankee government, and the time is at hand when we shall get entirely rid of Yankee impostures, whether they come in the shape of catch-penny school books, pharisaical preachers, or insolent teachers. To get rid of these curses were worth a revolution, if the South had no other cause. Now, Mr. WOODBRIDGE, one word more

You came to Nashville, ber citizens treated you kindly, and you prospered beyond your merits. You have goue away, and do Tennesseans the injustice to think they would rally to the standard of the Washington usurpation and war upon their friends and neighbors. They cannot brook such an insult. Be sure, now you are safe on Northern soil, to remain there. Don't waddle down this way

### To Tennessee Farmers.

We are requested to call your attention to the importance of adding the Navy Bean to the list of the products of your farms. This bean will be very greatly in demand, and sell readily. The season, we are informed, to sow the seed is not too far advanced. They can be sowed now with assurances of a good crop. JOYNT & TREAMOR, on Broad Street, in this city, can fill orders for seed, a supply of which they already have in store.

OVERION RIFLES .- We learn that there is a company organized in this city bearing the above name, which was given in honor of our most estimable and patriotic fellowcitizen, John Overton, Esq. It is an infantry company designed for active service, and is already organized, and in numbers is nearly complete. It will be commanded by one of our well known city merchants, and in equipment will not be excelled by any other Company. Let the numbers of this Company be at once completed, by the prompt response of the few who are needed. Our glorious "Volunteer State" will yet need their services. Any information that may be desired will be furnished by H. K. PECK, in the Colonade Building, corner of Cherry and Deaderick streets.

#### From the Richmond Enquirer, June 7. The skirm sh at Phillippi, Va. We learn through passengers who arrived

in R chmond on the Central Railroad yesterday, that on the night of the 31 inst., the Lincoln forces to the number of three thousand, marched from Grafton to Phillippi, in Barbour county, where a portion of the Virginia troops, under the command of Col. Porterfield, were stationed. Our troops were compelled to retreat towards Beverley, in Randolph. This they did in good order The enemy pursued them for a few miles when our troops turned upon and repulsed them. Col Kelley, of the abolition forces was killed. We are not informed of the los therwise. Col. Kelley, we learn, was a Yankee by birth. He married in Wheeling failing in business, removed to Philadelphia where he has since resided. When Lincoln in Virginia by recruiting Obioans and Penn ylvanians, (who had been rejected at home,) ol. Kelley went West and was made Cold nel of the "mongrel regiment ' as a Virgin ian. It will thus be seen that the statements of the Cincinnati papers are, as we predicted yesterday, substantially talse.

P. S.-Since writing the above, we learn that our troops got decidedly the better of the battle near Phillippi. They killed some sixty or seventy of the invaders, and wourdd several others. We are sorry to learn owever, that several of our gallant soldiers tell in the conflict. Among those killed or our side, were Capt. Richardson, of Bath ounty, and Lieut. Dangerfield, also of the Valley, and Mr. Simms, former mail agent on he Danville Railroad. We did not learn the names of the other soldiers killed on our side. Our a ldiers repulsed the enemy three imes, and after the third repulse the enemy fell back on Phillippi.

#### Late and Interesting from the Indian Territory.

We had the pleasure yesterday of an in terview with Mr. John A. Peel, who has just returned from Fort Ouachita, in the Indian Territory. Fort Quachita, he informs us, and all the other Forts in the Territory wer evacuated by the Federal forces before the arrival of the Texas troops under Col. Young The company to which Mr. Peel belonged the Dead shot Rangers, from Jefferson, Texas. captured fourteen wagons belonging to Emo ry's command, which had been left behind A company from Fannin county also captur ed several wagons. Emory, finding the Texans in close pursuit of him, threw away gons, ammunition, and Government store nto the Ouachita river, first destroying the guns by breaking the locks and taking them e pieces. The enemy left at Fort Ouachita large quantity of clothing, some provisions and one field piece. At Fort Arbuckle, also, they abandoned various Government stores and supplies, most of which were stolen and carried away by the Indians before the Texans got there

After taking possession of Fort Arbuckle t was garrisoned by a company of Choctaw and Chickasaw Indians under Captain Me-Kinney. Fort Onachita was garrisoned by the Dead-shot Rangers under Capt. Mayberry Mr. Peel also informs us that the Chicka saws held a council on the 24th of May, and formally dissolved their connection with the United States Government, and issued a manif sto to the Choctaws, Creeks, Cherokees and S-minoles, and to the Reserve Indian-, advising them to secede from the Old Union, and to petition the Southern Confederacy to be received as a distinct organ zed Territory. insteady of an Indian Perritory. The triendordered off all the Yankee missionaries in the count of The Indiaus also took up two Al litionists from Northern Texas, one of whom was a preacher, and bung them. The forte were all to be garrisoned in twenty days, in secordance with a treaty made with the Re-

Mr. Peel further states, in illustration of the spirit of the Texas troops, that within forty eight hours after the news came across the Texas border that the Kansas bandit Montgomery was coming down, there were 10,000 men under arms who started immediately to meet him. He says that instead of there being any Abolitionists in Northern Texas, the people are unanimous for fighting, and all classes, including preachers, were eager for the fray .- N. O. Crescent, 7th.
